Cataract Operation - Day Surgery

Go to the Scarsdale entrance of the hospital.

Go to the Holywell Day Surgery Unit.

Cataract Operation - Day Surgery

Go to the reception desk.
Tell the receptionist your
name, birthday and
address.

This is where you will wait.

Cataract Operation - Day Surgery

Your blood pressure will be checked.

Your blood sugar levels may be checked.

A small tube might be put in to your hand. Medicine can be given through this.

Cataract Operation - Day Surgery

You will be taken in to theatre.

You will be given oxygen to help you breathe whilst lying down.

Cataract Operation - Day Surgery

You can be asleep or awake for this operation.

Ask your doctor which is best for you.

You will be covered over whilst you have your operation.

Cataract Operation - Day Surgery

After your operation you will have a patch over your eye to protect it.

The surgeon will make sure you feel okay before you leave the theatre.

Cataract Operation - Day Surgery

In the recovery area staff will check that you feel okay. Tell someone if you feel poorly.

The doctor will see you before you go home.

Cataract Operation - Day Surgery

Before you go home, staff will give you some eye drops.

They will explain how to use the eye drops and how to look after your eye.
